Dick Priestley Memorial Team Tournament

What started out as a two team challenge, somehow turned into a three team tournament. The third team turns out to be Trudy's Tavern.

By agreement of the three teams involved, it has been decided to hold the 3 team tournament on Saturday, March 25, 2006, starting at 2:00 PM

It has also been decided to play a single round robin with each team playing a minimum of two matches. The details will be worked out by the teams involved.

The three teams involved in the team tournament are:

Watertrough Saloon
Four Horseman
Trudy's Tavern

Players involved in the Dick Priestley Memorial will be able to play in Trudy's Steak shoot on Friday, March 24, 2006.

Anyone wishing to play on Trudy's Tavern team should see Lloyd Hoyt at the steak shoot. Other teams are welcome.

The following are the winners of the steak shoot for the month of December.

December 2

Dot Banks & Lloyd Hoyt

December 9

Cindy Gier & John Houn

December 16

Dot Banks & Laura Lilyblade

December 30

Dot Banks & John Houn

Cedars Tavern Ready for Play

The board came from the Pastime Lounge about a year ago. Although it was used, the board surface was in very good condition. In fact, it was slick.

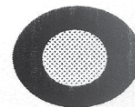

Tournaments were advertised, mention of the tournaments was seen in the SN. Yet, turnout for the tournaments did not have the desired results. Even the scoreboard was set up and working, except for the coin box.

Unknown to the management was the fact that they were using the small 2" weights. The small weights were not appreciated by the experienced players, which may explain why they stayed away. Now they have just purchased a new set of large weights. They are Sun-Glo's Spangler weights, which are balanced and chrome plated.

Players need to ask for the large weights before playing as they are kept behind the bar for security reasons.
