

KC Shufflers

*Kansas City Missouri players just shuffling
their way through life...*

*Come on...
Join in...
Let's play...*

KC Shufflers are getting bigger every day. Our numbers are growing by leaps and bounds... Thanks to some devoted players.

One of those devoted players is Glen Tubbs (shuffle board man) as it says on his weights. He repairs shuffleboards and also builds shuffleboards. We sometimes call him the man behind the scene. When we are getting ready for a tournament he does most all the behind scene stuff. He made a piece of equipment for himself that helps him move boards around with ease. Since he is retired, we keep him busy when getting ready for a tournament.

Glen made all new board wipes for the boards for one of our Kansas City Shoot Out tournament. He put hangers on all the boards so we could hang the wipes from the boards. He helps any way he can and believe me he does a wonderful job. When tournament day comes around you will also see Glen sitting at the front desk ready to sign you up.

Glen does own a few boards himself. He is always willing to talk shuffleboard with anyone who will listen. He put one of his shuffleboards in a bar in KC. That bar is called the Elbow Bend and is located at 12402 Blue Ridge Blvd. in Grandview, Mo. that did not previously have a shuffleboard. Now they are now playing there on Wednesday and Friday Evenings. Putting in a board in at Elbow Bend is allowing more people to become familiar with the game. They are just getting started, but on any given shuffleboard night they have at least 8-16 players. The owner never figured it would catch on so fast.

KC Shufflers also play at the Doghouse at 6109 Main Street in Grandview Mo. on Thursday Evenings which is a fun place to play.

The Elks Lodge # 2088 at 13600 Arrington Rd. in Grandview Mo. is where you will find play on Tuesday evenings. This is where the KC Shufflers hold many of their tournaments. The lodge is cool in the summer, warm in the winter and friendly as can be. There is always 3 boards in there for playing. Any players coming through Kansas City Missouri area should just give Glen a call and he will get some players together to play a few games with you.

As of right now, the only night open is Monday night. That leaves room for Monday night football. Our hats off to Glen for helping promote shuffleboard in the Kansas City area.
